October 20th, 2017

Dear Colleague,

This is such an exciting time for Toastmasters International! As we continue to roll out Pathways, move to new world headquarters and develop our global marketing plan, we are poised to take our place on the world stage as the first-choice provider of experiential, high-value training in communication and leadership.

I would be honoured and delighted to join the Executive Committee in leading us forward into a bright and progressive future. **I humbly ask for your vote for Second Vice President.** I have the passion and commitment to help this incredible organization expand its reach – and a wealth of skills and experience to contribute to our journey!

Thirty years of experience as an international entrepreneur have honed my strategic planning skills, critical thinking abilities, and cultural intelligence; and **decades of service on Boards and Associations** have given me an uncommon ability to bring ambitious visions to life.

The key to our future is our ability to operate as a **cohesive team**, applying **solid strategies** to achieve a **compelling goal**. To put it simply, as ***One Team with One Dream***, we can take Toastmasters International to an even greater level of success.

Our potential for growth is truly staggering, if we:

Leverage the Pathways program and other forms of modernization to deliver tools, resources, and opportunities to all members, and becoming increasingly responsive to the specific needs of members around the globe.

Cultivate strategic alliances with universities, corporations, non-profits, and other organizations, which would expand our membership and present new leadership opportunities for our members.

Deepen our commitment to translating our core values into action and executing on our Mission – integrity, respect, service to the member, and commitment to excellence – so that our organization becomes an even stronger instrument of leadership, communication and personal transformation around the world.

“Build on the building blocks” to continually strive for higher levels of operational efficiency, stewardship, cohesiveness, and innovation so we can deliver more value to more members at an ever-increasing pace.

With your vote for Margaret Page as Second Vice President you can help Toastmasters International honor our past, treasure our present and shape the future of our world-class organization.

I invite you to visit my website, <http://MargaretPage4tm2vp.com>, to learn more about my background and qualifications, and/or to connect with me personally. Your insights, feedback, and ideas are always welcome, and if there’s any way I may serve you, your club, or your district more effectively, please let me know!

In support of our success!

A handwritten signature in black ink that reads "Margaret". The script is fluid and cursive, with a long horizontal stroke at the end of the word.
